3) **General Chapter News:**

Ken Shuman is attempting to make a set of ski`s for his RV 6 for this winter. Ken got the wood last month and with the help of his neighbor Randy Wilhite, they have been sawing and epoxying it into ski`s. Ken is now (as of January 4) making the mounting brackets and attaching hardware. Ken asks that we wish him luck.

To all of you currently building a project, please tell us about your project's progress on the chapter website (or call Steve Matthews with the information). Your fellow members would love to hear how you are coming along. If you have any questions or trouble with the website, call Jim or email him at jimbuist@yahoo.com.

We (the board) will be actively trying to promote the Chapter during 09. More visibility through use of an electronic sign out front (soon to be purchased) to any and everything we can imagine and implement. Your counsel would be much appreciated, contact any officer with your ideas or come to the weekend work sessions with your thoughts.

- 4) **Pacer Project News:** We have covered all the tail and wing surfaces and sprayed multiple silver coats on each piece. Wet sanding has begun and we welcome anyone to help sand and clean. John Eiler (straw boss) plans to start our Thursday work sessions again, possibly yet this week.
